Electrical Components

We supply a wide range of electrical components for industrial automation, power distribution, and control systems, all compliant with European quality standards.

Product Range

- **Automation & Control:**
plcs, hmis, relays, contactors
- **Motors & Drives:**
motors, gear units, variable frequency drives
- **Power Distribution:**
circuit breakers, automatic voltage regulators (AVR), switchgear
- **Sensors & Measurement:**
light & radar sensors, proximity sensors, encoders, monitoring devices
- **Cabling & Connections:**
industrial cables, connectors, terminals

Key Benefits

- Reliable products from leading global brands
- Technical support for selection and integration
- Custom solutions tailored to your application
- Compliance with EU and international standards

Mechanical Components

Mechanical components form the backbone of industrial machinery and production lines. Our portfolio covers everything from standard machine components to precision parts for demanding applications.

By sourcing from trusted European and global manufacturers, we ensure that customers receive reliable, durable, and high-quality components for their operations.

Product Range

- **Drive Components:**
chains, sprockets, pulleys, belts
- **Conveyor Belts:**
plastic belts, modular belts, stainless steel belt, timing belts
- **Industrial Bearings:**
ball bearings, roller bearings, needle bearings
- **Gears:**
spur gears, bevel gears, worm gear
- **Shaft Couplings:**
flexible couplings, rigid couplings, jaw couplings
- **Clamping Accessories:**
shaft collars, clamping locks, keyless locking assemblies, frames, brackets
- **Mounting & Standard Elements:**
fasteners, levelling feet, castors, wheels, machine mounts, knobs

Key Benefits

- High-quality components built for industrial use and compliant with EU standards
- Comprehensive range from standard parts to custom solutions
- Cost-efficient with long service life and Expert technical advice

Safety First

PPE- Personal Protective Equipment for safe and efficient workplaces

Protective workwear and safety gear are essential in every industrial environment. At **TechTrade24**, we supply a broad range of industrial wear and safety accessories designed to protect workers, enhance safety, and improve comfort in daily operations.

➤ Product Range

- **Industrial Workwear:**
coveralls, bib overalls, jackets, trousers, flame-resistant clothing
- **High-Visibility Clothing:**
vests, jackets, trousers
- **Safety Accessories:**
mechanic gloves, impact gloves, welding gloves, anti-vibration gloves, high visibility gloves

➤ Key Benefits

- **Certified protection that meets European safety standards**
- **Durable and comfortable designs for daily industrial use**
- **Wide range from workwear to specialized protective gear**
- **Reliable supply for manufacturing, logistics, and construction sectors**

Industries We Serve

We support businesses across key sectors:

- **Manufacturing & Automation**
- **Energy & Utilities**
- **Airports & Logistics**
- **Food & Beverage Industry**
- **Engineering & Construction**
- **Industrial Safety & Workwear**

TechTrade24 supports companies across a wide spectrum of industries – with reliable components, smart solutions, and global supply expertise.
