Electrical Components

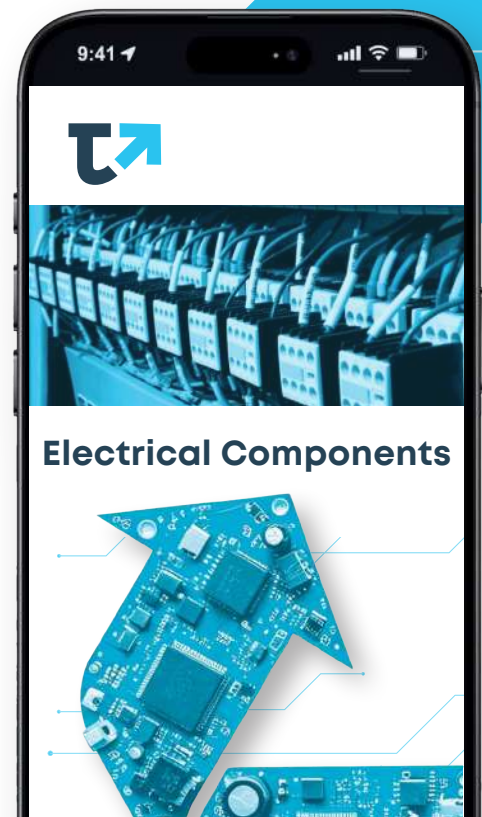

We supply a wide range of electrical components for industrial automation, power distribution, and control systems, all compliant with European quality standards.

Product Range

- **Automation & Control:**
PLC, HMI, relays, contactors
- **Motors & Drives:**
motors, gear units, variable frequency drives
- **Power Distribution:**
circuit breakers, automatic voltage regulators (AVR), switchgear
- **Sensors & Measurement:**
light & radar sensors, proximity sensors, encoders, monitoring devices
- **Cabling & Connections:**
industrial cables, connectors, terminals

Key Benefits

- Reliable products from leading global brands
- Technical support for selection and integration
- Custom solutions tailored to your application
- Compliance with EU and international standards

Mechanical Components

Mechanical components form the backbone of industrial machinery and production lines. Our portfolio covers everything from standard machine components to precision parts for demanding applications.

By sourcing from trusted European and global manufacturers, we ensure that customers receive reliable, durable, and high-quality components for their operations.

Product Range

- **Drive Components:**
chains, sprockets, pulleys, belts
- **Conveyor Belts:**
plastic belts, modular belts, stainless steel belt, timing belts
- **Industrial Bearings:**
ball bearings, roller bearings, needle bearings
- **Gears:**
spur gears, bevel gears, worm gear
- **Shaft Couplings:**
flexible couplings, rigid couplings, jaw couplings
- **Clamping Accessories:**
shaft collars, clamping locks, keyless locking assemblies, frames, brackets
- **Mounting & Standard Elements:**
fasteners, levelling feet, castors, wheels, machine mounts, knobs

Key Benefits

- High-quality components built for industrial use and compliant with EU standards
- Comprehensive range from standard parts to custom solutions
- Cost-efficient with long service life and Expert technical advice

Industries We Serve

We support businesses across key sectors:

- Manufacturing & Automation
- Energy & Utilities
- Airports & Logistics
- Food & Beverage Industry
- Engineering & Construction
- Industrial Safety & Workwear

TechTrade24 supports companies across a wide spectrum of industries – with reliable components, smart solutions, and global supply expertise.

**Your industry, our expertise –
worldwide delivery from Germany.**

Why Choose **TECHTRADE**²⁴ ?

With TechTrade24 you gain a trusted B2B partner:

Comprehensive product portfolio from a single source

High-quality products from leading manufacturers

Expert technical advice

Tailored solutions for your industry

Worldwide shipping from Germany
